

# Microsoft Dynamics™

## Tailored for the Fashion Industry

### One Integrated Software Solution to Run Your Entire Business

Technology should give your business a competitive advantage, enhance productivity, and put vital information at your fingertips.

Pebblestone Fashion powered by Microsoft Dynamics is a totally integrated solution specifically designed for the fashion industry. From mens, ladies, and children's apparel to shoes, handbags, and a variety of accessories Pebblestone Fashion delivers results.

With Pebblestone Fashion powered by Microsoft Dynamics you can implement solutions that include:

- Financial Management
- Customer Service
- Forecasting
- Purchasing
- Inventory Management
- Warehouse Logistics
- Product Life Cycle Management
- Product Data Management
- CRM
- Production
- Supply Chain
- Business Analysis & Reporting

Pebblestone fashion uniquely supports two delivery models. You can choose a low cost hosted monthly rental or purchase for a total on-premises solution.
